Frequently Asked Questions (FAQ)

7 MOC I and 33 MOC II are required for the period of January 1st, 2015-December 31st, 2019

1. Where can I find the Maintenance of Certification (MOC) guidelines?

The MOC Policy and Requirements can be found at [here](#)

2. What is the difference between an MOC I credit and MOC II credit?

**MOC CATEGORY I CREDITS**
Assessment of Credits:
One (1) credit for every one (1) hour of activity or educational content.

These credits apply only to educational events organized or co-organized by the College or its Chapters. "Co-organized" is defined as any program presented in partnership with another organization, in which the College or Chapters assume an equal role in the development, planning and organization of the program. The program must meet the requirements for an MOC activity in that it will assist CHEs or Fellows to maintain their professional competency.

MOC CATEGORY II CREDITS

Assessment of Credits
One (1) credit for every two (2) hours of activity or educational content.

Category II credits apply to opportunities not organized or co-organized by the College or its Chapters, yet which provide CHEs or Fellows with appropriate professional development activities. These learning activities lead to enhanced leadership knowledge or skills, or directly contribute to the professional growth of other members of the profession. These activities must be outside of the learner’s expected professional duties. The activities must also be properly documented as part of the self-reflection necessary to integrate the learning, and in order to allow a transparent trail for an auditing process.

A: CATEGORY II - EVENTS PRE-APPROVED BY CCHL

These can be pre-approved by CCHL only if they follow the principles outlined in the document “CCHL MOC Principles for Educational Events”. After the event, each learner submits the number of actual number of credits on the CCHL website in the MOC section.

B: CATEGORY II - SDLP – SELF-DIRECTED LEARNING PROJECTS (SELF ASSESSED)

It is acknowledged that self-directed learning provides topical, thorough, practical knowledge that may be better retained and a stronger stimulus to change behaviour than is more traditional learning. A topic becomes important to someone, and they resolve to learn more about it, or develop professionally in that area. They develop a strategy and carry out the specifics of that strategy.

Self-directed learning is also acknowledged to be better focused on the specific needs of the individual learner. It may cover activities or topics that more traditional learning does not.

As well as seeking the answer to a specific question about one’s professional practice, a non-traditional SDLP may be created around authoring, university/college-level courses, conferences and programs offered by other organizations, formal mentoring and coaching, teaching and tutoring, volunteering, and policy or governance activities.

### Are MOC I and MOC II credits interchangeable?

Once you have earned the minimum required number of MOC I credits based on the year of certification (see #7) any surplus MOC I credits **will** be counted towards the total credits required for compliance. However, if you have obtained more than the required number of MOC II credits, any surplus **will not** be used towards your MOC I credits.

### Are my MOC credits automatically entered?

No, your MOC credits are not logged automatically. You are responsible for tracking your credits and ensuring your compliance at the end of the 5 year block.

The individual CHE or Fellow is also required to keep a separate, auditable, record of any SDL (self-directed learning projects). As well as the basic information in the preceding paragraph, each record of an activity must contain information on the points numbered one through six outlined in the documentation paragraph of the SDL section of MOC Category II credits (see MOC Policy and Requirements).

To enter your credits online please follow these steps:

**How do I enter them?**

**Step 1** - Go to the College [www.cchl-ccls.ca](http://www.cchl-ccls.ca):

**Step 2** – Go to MEMBER’S LOGIN (top right hand of screen)

**Step 3** – Enter your username and password

**Step 4** – Scroll down to Maintenance of Certification (MOC) section

**Step 5** – Click on New Submission to enter your credits

**Step 6** – To check if you have entered your events for a specific year, click on View/Add Your Credits.

**Step 7** - In order to help you record a pre-approved event, click on “2015-2019 Non-Chapter Events”. This spreadsheet lists Category I and Category II MOC events. Enter the information requested on the form and click on "NEXT".

**Step 8** - Repeat steps 5-7 if you have more events to submit.

Also, events previously entered may now be edited from the “Maintenance of Certification” page by clicking the appropriate check-box and then clicking the “Edit Checked” button. As well and if required, entries can be deleted on this page.
5. **How do I recover my username or password?**

If you have lost your username or password click on the Member’s Login on the college website which will bring you to another screen. You will see a box with the heading: *Forgot Your Login/Password?* Type in your e-mail and click on Retrieve. Our server should send your personal information to you within a few minutes.

6. **I don’t remember which events I attended; does the college have a record of this?**

No, if you are unsure which events you attended please refer to:

- (2015) 6 MOC I and 27 MOC II

9. **I am on Maternity leave or long term disability. Am I required to obtain all my MOC credits by the end of the five year block?**
